

Bioscience Research Infrastructure Development for Grant Enhancement and Success (BRIDGES)

Research Centers in Minority Institutions

PRESENTS: PROTEOMICS CORE RESOURCES Forum Series

**Qing Li, Ph.D.
Professor
BRIDGES Proteomics Core Director**

Dr. Li and his team will be presenting:

- Centralized proteomics research platforms and resources.
- Information about providing consultation and expertise in proteomics sample preparation, protein separation and identification, characterization and quantification, and data processing and interpretation to facilitate implementation and conduct of high quality clinical and biomedical research.
- Information about providing training in various aspects of proteomics research to facilitate the implementation and conduct of clinical and biomedical research.

Friday, March 23, 2012

11:30am

**John A. Burns School of Medicine
Medical Education Building Room 304**

Light lunch will be served.

Please RSVP to Susan Ordinado (susano@hawaii.edu or 692.1805)

The University of Hawaii RCMI Program (G12RR003061) is funded by the Research Centers in Minority Institutions Program, an initiative of the National Institute on Minority Health and Health Disparities at the National Institutes of Health.
